

# ASPIR-FLEX<sup>®</sup> PROFESSIONAL

**Aspir-Flex<sup>®</sup>** guarantees saving of time and money if compared to traditional hoses bought in cut length pieces and then assembled by hand.

Aspir-Flex<sup>®</sup> is in fact a complete kit, ready to be connected to any kind of traditional pump available on the market.

Supplied with different types of fittings, it can be fitted to pumps and filters with 1" 1/4 male, 1" male and 1" female connections.

**Aspir-Flex<sup>®</sup>** garantisce un risparmio di tempo e denaro rispetto al tradizionale tubo acquistato a metro e assemblato manualmente.

Aspir-Flex<sup>®</sup> è infatti un kit completo, venduto pronto per essere collegato a tutte le tradizionali pompe in commercio.

Dotato di vari tipi di attacco, può essere collegato a pompe/filtri con attacco maschio da 1" 1/4, maschio da 1", femmina da 1".

**Aspir-Flex<sup>®</sup>** ermöglicht Zeit- und Geldersparnis gegenüber Schlauchmetenware und selbst montierten Kupplungen.

Aspir-Flex<sup>®</sup> wird als Komplettgarnitur angeboten und kann bei allen handelsüblichen Pumpen angeschlossen werden.

Aspir-Flex<sup>®</sup> passt an Pumpen und Filter mit 1 1/4" und 1" Außengewinde- oder 1" Innengewindeanschlüssen.
